Here's a little about us:

Amazing Grace is a second generation family owned business. For over 20 years, Amazing Grace Bakery and Café has been serving great food to our community in a friendly, welcoming environment. Our customers appreciate our partnerships with local vendors and our use of earth-friendly products. We are proud to say that our breakfast, lunch, and bakery items are prepared from scratch in our kitchen and bakery. The Grace also serves as a coffee shop, where folks can get their caffeine fix from organic coffee products provided by local vendors. Finally, we are heavily involved in our community and local philanthropy. The Grace is a gathering place and performance venue for local musicians, artists, and community groups. We are a warm and welcoming place for all. Thank you for your support!

-Connor and Abigail Riley
