

Epstein Barr Virus Early Antigen IgG Test Obsolete

Epstein Barr Virus Early Antigen IgG

Effective 11/14/2017

St Luke's laboratory will discontinue Epstein Barr Early Antigen IgG testing due to lack of test volume.

The Epstein Barr order group continues to include antibodies to Epstein Barr Virus Nuclear Antigen IgG (EBNA), Epstein Barr Virus Viral Capsid Antigen IgM (VCA IgM) and Epstein Barr Virus Viral Capsid Antigen IgG (VCA IgG).

If you have questions, please contact Kristin Baer, M.D. Chemistry Medical Director (218)-249-5208, Sabrina Fuchs, MBA, MLS (ASCP)^{cm}, Laboratory Operations Manager (218)-249-5339, or Amber LaMourea, MT(ASCP), Immunology Technical Specialist (218)-249-5024.

St. Luke's Laboratory Services has recently developed a Web page which contains New Test Announcements.
